

Studies		Follow-up	Intervention
Arnarson 2009			
Structured Clinical Interviews (Child Assessment Scale, A–Life)		0.000	Prevention Program
Structured Clinical Interviews (Child Assessment Scale, A–Life)		26.100	Prevention Program
Structured Clinical Interviews (Child Assessment Scale, A–Life)		52.100	Prevention Program
Briere 2019			
Structured Clinical Interview for DSM–IV Disorders		0.000	Cognitive–Behavioral (CB) Group Program
Structured Clinical Interview for DSM–IV Disorders		26.100	Cognitive–Behavioral (CB) Group Program
Johnstone 2014			
Diagnostic Interview for Children and Adolescents, IV (Incidence)		0.000	Aussie Optimism Program
Diagnostic Interview for Children and Adolescents, IV (Recovery)		0.000	Aussie Optimism Program
Diagnostic Interview for Children and Adolescents, IV (Incidence)		26.100	Aussie Optimism Program
Diagnostic Interview for Children and Adolescents, IV (Recovery)		26.100	Aussie Optimism Program
Diagnostic Interview for Children and Adolescents, IV (Incidence)		78.200	Aussie Optimism Program
Diagnostic Interview for Children and Adolescents, IV (Recovery)		78.200	Aussie Optimism Program
Kindt 2014			
Children's Depression Inventory (>18)		0.000	Op Volle Kracht (OVK)
Children's Depression Inventory (>18)		26.100	Op Volle Kracht (OVK)
Children's Depression Inventory (>18)		52.100	Op Volle Kracht (OVK)
Kowalenko 2005			
Childrens Depression Inventory (>20)		0.000	Adolescents Coping with Emotions (ACE)
Merry 2004			
Beck Depression Inventory–II (BDI–II) – Improved		0.000	Resourceful Adolescent Program–Kiwi (RAP–Kiwi)
Beck Depression Inventory–II (BDI–II) – Deteriorated		0.000	Resourceful Adolescent Program–Kiwi (RAP–Kiwi)
Miu 2015			
Children's Depression Inventory (CDI) – Short Form		39.100	Intervention Group
O'Kearney 2006			
Center for Epidemiologic Studies Depression Scale (CES–D) >15		0.000	MoodGYM
Center for Epidemiologic Studies Depression Scale (CES–D) >15		16.000	MoodGYM
O'Kearney 2009			
Center for Epidemiologic Studies Depression Scale (CES–D) > 24		0.000	MoodGYM
Center for Epidemiologic Studies Depression Scale (CES–D) > 24		14.000	MoodGYM
Perry 2017			
Major Depression Inventory (MDI)		0.000	Smart, Positive, Active, Realistic, X–factor thoughts – Revised (SPARX–R)
Major Depression Inventory (MDI)		19.100	Smart, Positive, Active, Realistic, X–factor thoughts – Revised (SPARX–R)
Major Depression Inventory (MDI)		71.200	Smart, Positive, Active, Realistic, X–factor thoughts – Revised (SPARX–R)
Raes 2014			
Depression Anxiety Stress Scale–Short Form (DASS–21): Depression Sub–Scale		0.000	Mindfulness
Depression Anxiety Stress Scale–Short Form (DASS–21): Depression Sub–Scale		26.100	Mindfulness
Stallard 2013b			
Mood and Feelings Questionnaire – Short Form (SMFQ) > 5		26.100	Classroom Based Cognitive Behavioural Therapy (CBT)
Mood and Feelings Questionnaire – Short Form (SMFQ) > 5		26.100	Classroom Based Cognitive Behavioural Therapy (CBT)
Mood and Feelings Questionnaire – Short Form (SMFQ) > 5		52.100	Classroom Based Cognitive Behavioural Therapy (CBT)
Mood and Feelings Questionnaire – Short Form (SMFQ) > 5		52.100	Classroom Based Cognitive Behavioural Therapy (CBT)
Mood and Feelings Questionnaire – Short Form (SMFQ) > 5		52.100	Classroom Based Cognitive Behavioural Therapy (CBT)
Mood and Feelings Questionnaire – Short Form (SMFQ) > 5		52.100	Classroom Based Cognitive Behavioural Therapy (CBT)
